Welcome Home

Residence Life
Truman State University
WE ARE SO GLAD TO HAVE YOU as part of our Truman community of learners and look forward to the upcoming academic year. We hope you are able to make many fond memories, develop new friendships, and find yourself academically and personally successful!

Mission Statement
As part of Truman State University, Residence Life fosters the development of respect, responsibility, and accountability in our students. Within safe, comfortable, and intellectually engaging living communities, we nurture students to become productive citizens and life-long scholars.

Residence Life’s Core Values

Community
Creating a place on campus and within the greater Kirksville community where residents have a safe place to call home.

Life Skills
Helping residents to grow to become stronger people while exploring and defining their own values, ethics and identity.

Diversity
Understanding and embracing the differences within ourselves and the world around us.

Scholarship
Placing an emphasis on being a lifelong learner, while striving to create a love for learning and exploration.

Service
Support the people within our own surrounding communities through volunteerism and compassion.

Wellness
Intentionally creating an atmosphere in which residents are exposed to information that will enable them to make healthy lifestyle choices.

Residence Life uses the University’s Master Calendar to determine academic break periods. There are specific dates that students need to be aware of for move in, move out, and for when the residence halls are closed during the academic year. Please refer to the following calendar for these important dates.

## IMPORTANT DATES

### FALL SEMESTER

Emergency Calls: 911
Non-Emergency Calls: (660) 665-5621
Campus Operator: (660) 785-4000

send treats & mail here!
IN THE EVENT YOU ARE UNABLE TO DETERMINE A ROOMMATE, OR IF YOUR HOUSING APPLICATION IS SUBMITTED AFTER WE HAVE CLOSED THE ROOM SELF-SELECTION PROCESS IN MID-MAY, you will receive a room assignment through auto-allocation. Residence Life will match you with a roommate and place you in a room based on your preferences indicated on your housing application and availability of spaces. Please take care to complete the housing profile and building preferences pages to best reflect your interests. This will assist in creating the best match possible. Auto-allocated room assignment information can be viewed on the housing portal on approximately June 1.

Sincerely,
The ResLife Staff

Housing/Roommate Selection

Follow these steps to complete your housing application and room selection process:

- **Log onto Truview**: Use the username provided in your acceptance letter and password you have set up using your assigned student ID number.

- **Click on “Student Tab”, “Housing” and “Housing Portal”**.

- **Return to step 9** in the housing application and find a roommate using the messaging and roommate request options. This step allows you to send and receive messages with other students seeking roommates.

- **Once you have an accepted roommate match** you will no longer be able to message anyone other than your roommate. We encourage you to communicate with your future roommate even after room selection occurs. Open conversation prior to Move-In can help ease the transition into sharing a space and offer the best opportunity for a successful on campus living experience.

- **If you have a confirmed roommate, a completed housing application, and paid the housing deposit**, you will be contacted via e-mail in late March about selecting a room.

- **Prior to selecting your room** you will need to complete some additional information which includes the housing contract, emergency contact information, medical information, meal plan, microfridge, and phone. (All roommates regardless of who selects the room will have to complete the additional information.)

- **Select your room**. More specifics on selecting a room will be sent to you in the e-mail that comes in late March.
Important notes about your room and room assignment

- Please remember to select a meal plan option on your Housing Application! If an option is not selected, you will be assigned the most commonly selected plan — 15 meals a week meal plan ($1,582.00 per semester).

- Your room information listed online is subject to change. Because we understand that a few students may change their plans, assignments are not considered final until move-in day. If your room information changes, we will notify you by email.

- We encourage you to acquire personal property insurance to help protect your property. Although the frequency of incidents is low, it is important to ensure that your belongings are covered in the event of loss or damage to your property.

- Once you move to campus, please use the building street address so you will receive mail from friends and family in a timely manner. Incomplete or incorrect addresses may result in undeliverable or late mail.

- Move-in date is August 14. Please plan to arrive between 8 a.m. and 1 p.m. on August 14 to be able to participate in Truman Week activities that evening. If you cannot arrive by 1 p.m., or cannot arrive at all on that date, please let our office know so we can alert your residence hall staff. Staff will be available to welcome late arrivals, but we want to make sure that you are not flagged as a “no-show.”

Summer Orientation

Residence Hall Tour
As part of the Summer Orientation experience, students will have an opportunity to tour the hall that they have been assigned to for the fall. At that time, they will be shown the highlights within their hall as well as samples of the different room types. This should help provide students with a better idea of what amount of space is available within each building’s student rooms. Residence Life staff and Admissions’ Orientation Leaders will be present during these tours to answer any questions that you may have about your new home away from home.

Sign up for Orientation
Most students attend Orientation in June. Log on to http://orientation.truman.edu for more information.
Room Decorating
Your room gives you the opportunity to create a new living environment. This is your home away from home, so decorating and personalizing your room is strongly encouraged. We encourage you to communicate with your roommate before you move to campus. This will help you plan what to bring so you avoid duplicating non-personal items. Any furniture that is in your room when you arrive must stay in your room. Storing residence hall furniture outside of its original room is strictly prohibited and may result in charges.

Adhesives, such as glue, duct tape, or anything that may remove paint may not be used on the walls. Any damage to the room including walls, furniture, ceilings, doors, and windows will be charged to the resident(s) at checkout. Students may not paint or wallpaper their rooms. Due to fire and safety concerns students may not hang signs or decorations on the hallway wall around their door. Decorations should not block lights or windows and must be fire retardant if hung near any heat source. In addition, beanbags made with polyethylene materials may not be used in the residence halls.

Truman State University is a dry campus, alcohol is not allowed on campus. This includes empty alcohol containers.

Temperature Control
When decorating your room, please take care to not place any items in ways that they block the ventilation system in your room. If blocked, air will not circulate through it to heat your room during the cold season. If your room is not heating, check the area around the vent before calling the Fix-It Line at (660) 785-4687. Due to fire safety policies, students are not allowed to have space heaters; however, if the temperature in a student room is less than 65 degrees fahrenheit, with approval by Facilities, you may temporarily be issued one.

(Blanton-Nason-Brewer Hall, Campbell Apartments, Missouri Hall, Randolph Apartments, Ryle Hall and West Campus Suites have individual air conditioning and heat control within resident rooms.)
Room Sizes
Room sizes and shapes vary between each residence hall because of the buildings’ unique designs and room types. Because so many rooms differ in size, Residence Life does not have exact room, window, or closet measurements for each specific room on campus. Approximate room sizes are listed on a chart in the rules section of our Web site (http://www.truman.edu/residence-life/rules-and-regulations/the-rules/). It is highly recommended that you measure your room after you arrive before you purchase items that require specific dimensions (rug, curtains, etc.).

Room Furnishings
The University furnishes rooms with:
- bunkable/loftable beds with bed rails
- **standard twin-sized mattresses** (36” x 76”)
- a dresser or drawers to share between residents
- closets or wardrobes
- window miniblinds
- desk with drawer space (per resident)
- desk chair (per resident)

Beds may be bunked or lofted (extra pieces are included to form a loft, which allows desks and chairs to be placed underneath). Homemade lofts are not allowed.

If you are 6’4” or taller, you may request an extra long bed and mattress by calling the Facilities Department at (660) 785-4687. (A limited number are available.)

You Should Bring
**For your room...**
- a mattress pad and liner
- bed linens (**standard twin**), pillow, blanket and bedspread
- towels and washcloths
- shower curtain (**except for community style housing**)
- alarm clock or clock radio
- toiletries
- hair dryer, curling iron
- cleaning products
- air freshener
- toilet paper (**except for community style housing**)
- UL extension cords not to exceed 6’ in length, 15 AMP minimum
- non-halogen desk lamp, floor, or bedside lamp for reading and studying
- wastebasket
- organizer/storage units or boxes, such as under-the-bed boxes
- lockable safe
- computer (computer work stations are also available for use)
Remember that space is limited, and that any University furniture that is in your room when you arrive must stay in your room. Storing residence hall furniture outside of its original room is prohibited.

**DO NOT BRING:**
Pets except for fish or small amphibians as long as they are nonpoisonous and live in a tank that is less than 30 gallons.

**Air Conditioning:** Blanton-Nason-Brewer Hall, Campbell Apartments, Missouri Hall, Randolph Apartments, Ryle Hall and West Campus Suites have air conditioning. Students who request air conditioning for Centennial Hall must meet the criteria for a disability and submit the appropriate documentation to the Office of Student Access and Disability so their request can be considered. Questions? Call (660) 785-4478 or search, disabilityservices.truman.edu.
As you are preparing to become part of the community, it’s important to know that Truman values inclusiveness, equity, and diversity. It’s also important to know that it’s your legal right to be free from discrimination based on your sex, disability, age, race, color, national origin, religion, sexual orientation, or veteran status. It’s likewise your responsibility to avoid discriminating against others as well.

A form of sex discrimination that is important to consider is sexual misconduct. Truman is not immune from the problem of sexual misconduct, but as a community we are actively tackling this problem and we need your help! A first step is to know and understand your rights and responsibilities as a member of the Truman community. You can find information in the University Non-Discrimination Policy, which is available at titleix.truman.edu.

Lauri Millot is our Title IX Coordinator and Institutional Compliance Officer. During your first few days at Truman, she’ll be talking with you about some information and strategies that can help keep you and your friends safe. It might feel a little awkward to talk about sexual consent, but you’re really encouraged to engage in the discussion about this, ask lots of questions, and keep the conversation going with your friends.

Lastly, it’s important to know that if you are affected by any form of discrimination, including sexual misconduct, you have somewhere to go for help. Please contact Lauri at 660-785-4354 or lmillot@truman.edu with any questions or concerns you have. You can also make a report of any problem you’re experiencing at titleix.truman.edu/make-a-report. If you want to learn more about Title IX and Non-Discrimination issues at Truman, like the TruCompliance page on Facebook and follow @TruCompliance on Twitter.
What is a Roommate Agreement?
Living with another student is a rewarding but sometimes challenging experience. Once you arrive on campus (or anytime you have a new roommate), you should sit down with your roommate(s) and talk about some of the challenges that you may face during the next semester. The roommate agreement is available online in the “Roommate Relations” section of the handbook or available in your hall offices once you arrive on campus. If problems arise throughout the year, your Student Advisor will try to work with you and your roommate(s), using the Roommate Agreement as part of the discussion. We encourage any and all efforts to resolve conflicts before room changes are accommodated.

Handling Differences
Our staff will work hard to help you and your roommate adjust to living with one another. If you find that you must move, changes can take place after the second week of regular semester classes during the Fall and Spring semesters. It is important, however, that you let building staff know of any concerns you are having.

What happens if my roommate moves out?
If your roommate moves out, you have several options. Those include:

❖ You may have another student move into your room.
❖ You may move into another student’s room.
❖ If occupancy levels permit, you can “buy out” the room. This means you pay an increased rate for a single room (this option is not always available).
❖ Residence Life does reserve the right to reassign you to a new room if there is a vacancy or assign a student to your room if it is vacant. If you choose to leave the room space available you are required to accept the new roommate. You may be assessed the single room fees if potential roommates are not accepted.

In the event there is a vacancy in your room you will be contacted by Residence Life regarding the options available to you.
Preparing for Move-In

You will receive more detailed information later outlining the move-in day process. Here are some things that are most frequently asked and could affect your ability to move-in:

Special Accommodations Within the Residential Communities

A limited number of rooms on campus are equipped for persons with disabilities. Those students requiring special accommodations or service animals should request approval through the Office of Student Access and Disability prior to June 20 at (660) 785-4478. If a service animal is needed, the student may be placed in a room with limited risk of exposing service animals to other residents. For more information, visit http://disabilityservices.truman.edu/disability-services-home/resources-for-students-2/.

Immunization Requirements

In order to more fully protect the health and well being of its students, Truman State University requires the following:

- All students born on or after January 1, 1957, must have two doses of measles vaccine administered according to CDC guidelines in order to demonstrate adequate immunity. Students must provide the Student Health Center with official verification of immunization in one of the following forms:
  1) A copy of immunization records from a physician, health department, military record, high school record, or
  2) Verification of immunity by serological titer.

- Any student in on-campus housing must have a current meningococcal vaccination (within the past five years) or have signed a waiver on file. This requirement must be fulfilled before the student will receive a key to their room.

- All students need to complete a Medical Health History form and an Insurance Information form. Copies of these will be mailed to new students with their Admissions packets or may be downloaded at http://studenthealth.truman.edu. Completed forms should be mailed to the Student Health Center. They may not be submitted online.

Please direct any questions you may have about these requirements to the Student Health Center at (660) 785-4182. Thank you for complying with this University policy. You will help prevent long lines and frustrating waits on Move-In Day!
Parking on campus
Students who wish to bring a vehicle to campus must register it with the Department of Public Safety (DPS). You can access this registration through your TruView account. For more information about parking or campus police services, visit http://police.truman.edu.

Hall Services
Within your hall, there are a variety of services available to you to help make your living experience enjoyable. Some of the services most applicable for students living in University housing are as follows:

- At your building’s Hall Desk, the following items/services are available:
  - Vacuum cleaners
  - Stamps for letters and mailings
  - Mail drop off – letters
  - Package pick-up
  - Games
  - Cooking utensils

Truman ID Card
As a Truman student, you will be issued a student ID. This card is used for:

- checking out items from the library
- gaining access to the Student Recreation Center
- using your meal plan in the dining halls, Mainstreet Market, and on campus convenience stores (you cannot use your meal plan without your ID card!)
- checking out items from your Hall Desk
- gaining access into the residence halls after hours
- on-campus printing

As you will use this card every day, you’ll want to carry it with you all the time. Lost or stolen cards may be replaced for a $25 fee at the University ID Office located in Missouri Hall 1100. Your student ID is yours and yours alone. No one else may use it under any circumstances, even if you do not use it for a particular meal. If someone other than you uses your ID, it will be confiscated and you will be required to pay a $25 reprogramming fee. To ensure functionality for services listed above make sure it remains in good repair.
- **Computer workstations** are available in all of the residence halls and campus apartments. These facilities are open 24 hours a day, 7 days a week.

- **Staff** is always available to meet any need you may have:
  - **Staff Members** are on call for emergencies and to conduct rounds each day.
  - **Professional Staff Offices** in each residence hall assist students with questions regarding their room, processes or procedures, or problems they may have. Hours are posted on the office doors.
  - **Facilities** will help if something in your room or bathroom needs repair by calling the Fix-It-Line during business hours at (660) 785-4687. Emergency repairs occurring outside of business hours should be reported to a hall staff member.
  - **Housekeeping Services** work hard to make your building a comfortable and pleasant place to live. Housekeepers are not expected to clean unnecessary messes made by residents. Your cooperation in caring for the facilities makes their job easier and creates a pleasant atmosphere for residents. Students who vandalize property, or cause unnecessary messes, may be subject to disciplinary action and damage expenses equivalent to the full replacement value of the item(s).

- **Internet Access** is provided in each room with wired and wireless options (bring your ethernet cable!). Additionally, in most locations on campus, including the residence halls, students can access Truman’s wireless network. For more information about internet service and security requirements, visit [http://its.truman.edu](http://its.truman.edu).

- **Kitchenettes** are available in all living environments. A limited amount of cooking equipment is available to students to check out with their student ID at the Hall Desk. Students using community kitchens must clean the area after their use and not leave food or cooking supplies (including cooking equipment or utensils) in the kitchen. The Housekeeping staff is not responsible for cleaning up unnecessary messes within the residence halls or kitchens.

- **Laundry Facilities** are available in all residence halls and apartments. Laundry is an included service in the room rate.

- **Night Security/Night Monitors** are in all residence halls to admit residents and escorted guests into the building after 12 a.m. From 10:30 p.m.-midnight, students who live on campus may use the perimeter access system to gain access to any residence hall. After midnight, you must sign in with the night monitor after using your ID to gain access through the perimeter access system. If you have guests, you must sign-in those guests. Identification of your guest will be required.
Security is our highest concern. We work very hard to keep you safe but need your help. Thousands of people, both residents and non-residents, have access to the halls. Because of this, keep your room locked at all times and report people who seem to be tampering with locks, damaging facilities, harassing students, or suspicious behavior to a staff member. Do not prop open community bathroom doors or the building’s exterior doors unless there are designated approved times to do so. The emergency number is x911. Emergency phones are mounted on bright blue or red posts and located around campus. Public Safety has fully sanctioned police officers and trained security patrol to monitor and secure the buildings, as well as public areas, and to assist with any emergency within the University.

Picnic Tables and Barbeque Grills are available for use near each residence hall for studying, eating, or relaxing.
Your Meal Plan Options

Meal plans are provided on a semester by semester basis, and semester costs are listed below. You will select your meal plan while completing your housing application. Meal plan choices may be changed online until July 19.

YOUR MEAL PLAN OPTIONS FOR FALL 2019/SPRING 2020 INCLUDE:

**21 Meal Plan + $75 Flex Dollars — $1,745 per semester**
This meal plan provides 21 meals in the Residence Hall Cafeterias each week. For example, you can have breakfast, lunch, and dinner each and every day. Each meal can also be used as a meal block, the equivalent of $4.00 in cash, at the Convenience Stores, Mainstreet Market, and most other Sodexo eating establishments on campus. (No transferability is available at the Mein Bowl concept.) The Flex Dollars, which are like cash, can be used in all Sodexo eating establishments on campus. Flex Dollars reset at the end of each semester. Meal/meal blocks reset every Saturday night. Any unused meals will not roll over to the next week.

**18 Meal Plan + $125 Flex Dollars — $1,685 per semester**
This meal plan provides 18 meals in the Residence Hall Cafeterias each week. This is our most popular meal plan and is great for a student who likes 2-3 meals a day or who likes the ability to buy a coffee or snack regularly at a convenience store or coffee shop. Each meal can also be used as a meal block, the equivalent of $4.00 in cash, at the Convenience Stores, Mainstreet Market, and most other Sodexo eating establishments on campus. (No transferability is available at the Mein Bowl concept.) The Flex Dollars, which are like cash, can be used in all Sodexo eating establishments on campus. Flex Dollars reset at the end of each semester. Meal/meal blocks reset every Saturday night. Any unused meals will not roll over to the next week.

Anyone Hungry?
Students living in the residence halls will receive a meal plan of your choice when signing up for housing. You will have a varied and balanced menu to choose from, including entrees, side dishes, soups, salad and deli bar, desserts, ice cream, and beverages. The dining halls also feature specialty nights where they serve entrees such as steak and shrimp, or they set up buffets where you can make your own specialties. Dining services is excellent at meeting any allergy, food restrictions or religious needs. Please contact dining services at (660) 785-4197 if you have special dining needs.
**15 Meal Plan + $225 Flex Dollars — $1,582 per semester**

This meal plan provides 15 meals in the Residence Hall Cafeterias each week. This meal plan averages a little over two meals a day, so it may be a good choice for the student who likes to sleep in, go out to eat once in a while, or make a meal in their residence hall kitchen. Each meal can also be used as a meal block, the equivalent of approximately $4.00 in cash, at the Convenience Stores, Mainstreet Market, and most other Sodexo eating establishments on campus. (No transferability is available at the Mein Bowl concept.) The Flex Dollars, which are like cash, can be used in all Sodexo eating establishments on campus. Flex Dollars reset at the end of each semester. Meal/meal blocks reset every Saturday night. Meal plans are pro-rated for partial weeks. Any unused meals will not roll over to the next week.

**150 Meal Plan + $275 Flex Dollars — $1,493 per semester**

This meal plan is structured a little differently. It offers 150 meals in the Residence Cafeterias for the whole semester. It averages little less than 1.5 meals per day. This is a good choice for the student who enjoys cooking or going out to eat. It may also be useful for a student who travels a lot on the weekends. Each meal can also be used as a meal block, the equivalent of approximately $4.00 in cash, at most dining locations on campus. (No transferability is available at the Mein Bowl concept.) The Flex Dollars, which are like cash, can be used in all Sodexo eating establishments on campus. If you don’t budget your meals appropriately, you can run out before the end of the semester!

---

**Add Flex Dollars by Aug. 24, 2019 and receive a 10% savings**

**$100 Flex Dollars** — use just like money at all locations - no stipulations on locations and receive $110 spendable dollars

**$200 Flex Dollars** — use just like money at all locations - no stipulations on locations and receive $220 spendable dollars

**$300 Flex Dollars** — use just like money at all locations - no stipulations on locations and receive $330 spendable dollars

Savings will expire on Aug. 24, 2019, but Flex Dollars can be purchased at any time.
Dining with a Guest
Visiting with a friend or family member? You are welcome to enjoy a meal with them by either using one of your meals (if you have that type of plan) or paying cash prices in one of our resident dining facilities.

Guest prices for 2019-2020 (including tax) are:
- Breakfast: $5.00
- Lunch: $8.00
- All Dinners: $8.50

Meal Flexibility
Transferability is available during the school year for some meal plans. A transfer option allows meal privileges at all of the food and beverage venues in the Student Union, except Mein Bowl, and at C-Stores around campus. One block meal = approximately $4.00. To learn more about food service options, please check out their website at Truman.sodexomyway.com.

Rent a Microfridge for Your Room!
For your convenience, Residence Life offers microfridge rentals! For $150 total you can rent a microfridge unit for the year. The unit includes a small refrigerator/freezer (2.9 cu. ft.) and microwave. A Microfridge can be requested through your Housing Application. You can also call the Residence Life office at (660) 785-4227 for more information. The unit will be in your room when you arrive for Truman Week if requested before Aug. 1. If you and your roommate choose to share a Microfridge, we suggest that you talk to your roommate to determine who will sign up and be billed for the unit as Microfridge charges cannot be split.

GENERAL POLICIES

Rights and Responsibilities
Students are expected to comply with policies set out by Residence Life and the University. Conduct actions and/or monetary fines may be assessed on a daily basis when students do not comply.

Building and Resident Safety:
In an effort to create the safest living environment possible, Residence Life maintains policies addressing fire, combustibles, and other potentially dangerous situations.

- **Candles and incense** are not to be burned in the halls or apartments. Open flames are considered the largest fire hazard on college campuses and are prohibited within any residential building.

- **Firearms, ammunition, fireworks, flammable paint, gasoline, and any other combustible items** are not permitted in any residence hall or University apartment. Toy guns, paintball guns, pellet guns or any other types of guns are also prohibited on campus. Locked storage for firearms, ammunition, and weapons is available through the Department of Public Safety. Flammable items are also considered combustibles and may not be attached to any area that produces heat; this includes items suspended from or fastened flat against open light bulbs or heat sources in the rooms/apartments.

- **Fire equipment** is protected by both the Student Conduct Code and by law. Tampering with, or misuse of a fire alarm system, extinguishers, or detection equipment, and non-compliance/interference with evacuation procedures, is strictly prohibited.

- **Evacuation** is required in any building where an alarm is sounding or when instructed by residence hall staff. Failure to evacuate a building will result in disciplinary action and fines.

Alcohol, Alcohol Paraphernalia, and Drugs:
Truman State University is a dry campus, which prohibits public intoxication and the possession, use, and distribution of alcoholic beverages at any time on University premises, regardless of age. Alcoholic paraphernalia (empty bottles/cans, cases, etc.) is not permitted on campus. The consumption of, or being in the presence of, alcoholic beverages on campus is prohibited by University policy as established by the Board of Governors. Federal and state laws forbid the sale and use of drugs that are not prescribed by a physician or not available on the legal open market. Any student possessing, using, or distributing drugs and/or alcohol is subject to University disciplinary action, removal from on-campus housing, arrest, imprisonment, or fine according to state law.
False fire alarms are illegal and dangerous. Every time a building is evacuated there is the possibility of injury. Any student found responsible of causing a false fire alarm or calling in a false bomb threat, will be subject to arrest and disciplinary action by the University and local police, including possible removal from on-campus housing. Any student found responsible of starting a fire will be charged for the repair or replacement of all damaged areas of University property in addition to disciplinary fines or removal from housing.

Possession of firearms, hunting knives, bows and arrows, etc., or any item deemed usable as a potential weapon, is strictly prohibited in any on-campus environment. Any student found in possession of weapons will be subject to disciplinary action by the University, including potential removal from on-campus housing. Toy guns, paintball guns, pellet guns, airsoft guns or any other types of guns are also prohibited on campus.

Noise Policy:
Quiet hours are from 10:30 p.m.–7 a.m., Sunday-Thursday and midnight–9 a.m., Friday and Saturday. During these hours, noise must be kept to a minimum to allow residents to study, relax, and sleep. Noise should not be heard in another room, out the window, or within two doors away in the hallway. The quiet hour policy applies to the building itself and the surrounding grounds outside of the building. During final exam weeks, quiet hours are extended to 22 hours per day.

Whenever quiet hours are not in effect, the residence halls have courtesy hours. During courtesy hours, reasonable noise levels should be maintained. Loud music or disturbances that affect hallways or buildings are not acceptable. Any request to lower your volume should be complied with respectfully.

Overnight Guests: Residence hall rooms and apartments are living spaces for the students assigned to that area only. The 24-hour visitation policy is set up to allow students the ability to bring friends into their living environment at any time. An overnight guest is a non-resident of the that room who is visiting a student living in the residence hall or apartment. Guests may not live or stay in your room. Students who have a child(ren) may not allow their child(ren) to stay or live with them in their residence hall room. Overnight guests are only allowed with the permission of the roommate(s). Approved guests will be allowed to stay a maximum of three nights. All guests are expected to follow all University policies, and must not disrupt any community members or they will be asked to leave the building. Residents are responsible for the actions of their guests and are liable for any damages to University property caused by their guests.

Smoking: All campus living environments are smoke-free. Smoking within any area (rooms, community spaces, hallways, etc.) in the residence halls or apartments is strictly prohibited. The entire Truman State University campus is smoke-free.
It is your responsibility as a student and resident of Truman State University to have read and understand all of the University and Residence Life policies. The general student code of conduct is available online at http://conduct.truman.edu/ and detailed Residence Life policies at http://www.truman.edu/residence-life/rules-and-regulations/the-rules/.

Be sure to check our website to learn about all of our policies. In addition to the abbreviated versions of the policies listed here Residence Life maintains policies in the following areas:

- Appliances or Electronic Devices
- Barbecuing
- Bathrooms
- Bicycles
- Campaigning
- Damage/Vandalism
- Door Propping
- Furniture
- Hallway Sports/Behaviors
- Lounge Spaces
- Microwaves
- Non-compliance
- Painting Room
- Parking
- Poster/Publicity Displays on Room Doors
- Screen Opening/Removal
- Solicitation
- Unauthorized Moves
- University Identification Card
- Visitation Hours
Community Living

It may be a new experience for you to become accustomed to living in a new community of people. Many students are away from home for the first time, and the transition to a college campus can be challenging. Our Residence Life staff is trained in the developmental processes that occur in the college environment so that they can help you through your transition. In order to help create the smoothest transition possible, there is an expectation that as adults living within the community, you will respect yourself, others, and your environment.

Rights and Responsibilities

As a resident, you have a right to:

- Read, study, and sleep without interference, unreasonable noise, or other distractions
- Have personal privacy within your hall room or apartment
- Live in a clean environment
- Be free from intimidation, physical, and emotional harm
- Expect that your personal belongings and property will be respected.

As a resident, you have the responsibility to:

- Respect other residents’ and staff members’ rights
- Read and adhere to all University and Residence Life rules, regulations, and policies (including the Student Conduct Code)
- Abide by all federal, state, and local laws
- Assume the responsibility for the actions of your guests
- Address situations and communicate concerns about issues that undermine community or individual rights, whether they be your own or others
- Speak and listen to others to reach shared understandings
- Prevent your actions from infringing or violating others’ rights
- Be accountable for your decisions—take ownership for your actions, opinions, and beliefs, and how they may affect others within the community
- Comply with the reasonable requests of Residence Life and University staff
- Report policy violations to Residence Life staff or the Department of Public Safety
Creating Neighbors & Friends
Your house community will become an important part of your on-campus living experience. “Houses” range from 20 to 60 residents and are used to divide up the residence halls. Your house community will become the place that you call home. You will have the opportunity to meet other individuals, participate in community events and programs, and just have fun! By using a “house” concept instead of a “floor” concept, we hope to create an environment that is safe, comfortable, and intellectually engaging.

Members of each residence hall’s student government (Hall Council) and Student Advisors create educational and engaging opportunities to develop communities where residents also have a chance to give their feedback regarding decisions made in the halls.

In an effort to focus on community development and individual growth, we encourage all students to practice good citizenship. We expect students to practice mutual respect, and encourage students to courteously approach their community with any concerns.

Living-Learning Communities
Truman’s status as a residential institution, where almost half of all undergraduates live on-campus, opens up unique educational opportunities for you. The University is committed to enriching undergraduate life with experiences that integrate living and learning. As an on-campus resident at Truman, you will be able to participate in all of the University’s social, recreational, cultural, and educational activities. Ideally, you will find within your residence hall a supportive learning community where you can gain an understanding of yourself and others, explore ideas and values, develop an appreciation for diversity, discover new interests in small group and informal settings, and share the fun and satisfaction of life-long learning.
Statement on Multiculturalism
In the community environment, mutual respect for all residents and staff is essential. Therefore, Residence Life pledges continuing support for the development of a cultural perspective among its staff, residents, and student organizations. Such a perspective encourages an appreciation of the differences among people, promotes harmonious understanding, and provides a culturally enriched environment. Residence Life recognizes individual rights to cultural expression and encourages exploration of other traditions within the parameters of building a positive community environment. Residence Life condemns any conduct that threatens, harasses, or results in abuse of any individual or particular group in our community. An embrace of multiculturalism recognizes the breadth of experiences represented in the diverse Truman community.

The Center for Diversity & Inclusion offers a wide variety of resources for students interested in diversity, inclusion, social justice and equity. From retreats to workshop, the Center for Diversity & Inclusion and its staff provides a myriad of educational and experiential learning opportunities that aligns with the liberal arts theory and critical thinking. We also offer assistance that can help students navigate the Truman campus. The Center for Diversity & Inclusion is a place where all are welcomed, so if you want to study and use the onsite computers, if you need academic help, or if you just want to relax between classes, the Center for Diversity & Inclusion is here for you.
The ResLife Connection
Throughout your experience with Residence Life, from the time you receive your initial notification of placement as a new student to the day you say goodbye to the residence halls, there will be numerous reasons that you will interact with our department. With the options available within expanding media, there are multiple opportunities for you and your parents to connect with Residence Life.

Student Email
• At times throughout the semester, pertinent and timely information will be sent out from Residence Life via Truman email to all students on campus. It is important to check email frequently and read the information contained in the emails thoroughly. Your student email serves as the primary form of contact for communication from the University.

Family Email Signup
• Through our website, parents/guardians can sign up to receive emails throughout the year with the same departmental updates and notifications that their student receives, such as discount opportunities and important deadlines.

The Residence Life Office
• Throughout your experience as a resident and student, questions will arise regarding your meal plan, scholarship jobs available in the halls, housing renewal, etc. We are here to help! Monday through Friday from 8 a.m.–5 p.m. the staff in the central office is here to assist you in any way we can. You can email us at reslife@truman.edu, give us a call at (660) 785-4227 or stop by our office in Missouri Hall 1100.

Facebook — Truman ResLife
• Become a fan on Facebook to stay informed about the added values Residence Life can contribute to your experience at Truman. Residence Life uses Facebook to make important announcements about upcoming processes, special deals, employment opportunities, programming within the halls, transportation assistance, and tips on living on campus in general.

Twitter — @TrumanResLife
• Follow us on Twitter to receive important, timely updates about what’s happening in the Residence Halls and the local community.
Information Technology

Residence Life utilizes Twitter, Facebook, and your student email to communicate important information to you in an effort to reduce paper waste and encourage sustainability. Making sure that your computer is up to date will ensure that you receive this information in a timely manner. IT Services can assist you with this and much more:

- If you have technology issues on campus, contact Truman’s IT department by calling the Help Desk at (660) 785-4544.

- Take advantage of discounts on equipment and software offered through Truman’s IT website http://its.truman.edu/justforstudents/.

- Truman’s campus is wireless, but there is an ethernet port available in each residence hall room. While we strive to have wireless working 100% of the time, it may be to your benefit to purchase a back-up ethernet cord.
GETTING INVOLVED

THERE ARE SEVERAL WAYS TO GET INVOLVED ON CAMPUS.
Below are some general areas that students can become involved as early as the first week on campus.

Your building’s Hall Council is a student government which provides programming and events geared towards residents in that community. Hall Councils are also great mediums for advocating changes within the halls. You can be involved as a representative from your house or by serving on the executive committee.

The Residence Hall Association (RHA) is the parent organization for the Hall Councils. RHA serves in a unique capacity as the central student government for all on-campus residents. RHA is the combination of a programming body and a policy forming body all wrapped into one organization. RHA is comprised of students elected by fellow residents. This organization is a great opportunity to get involved in Residence Life on a larger scale! To learn more about RHA, visit http://rha.truman.edu.

There are several opportunities for employment within your hall as well. Each hall has scholarship, work-study, and institutionally paid employment opportunities available. Possible options for work include, but are not limited to: Residence Hall Desk Attendant; Night Monitor; Hall Staff Assistant; or Receptionist/Clerical workers in the Residence Life Office. Applications for these jobs as well as other on-campus employment are available at https://trupositions.truman.edu/jobs.asp. Working for Residence Life provides the convenience of living close to where you work, as well as providing a flexible schedule. Talk to your Hall Director when you arrive on campus for more information.

Greek Life strives to provide guidance and support for students’ out-of-classroom involvement. Student Affairs staff works in partnership with 30 Greek organizations to develop programs and policies that encourage a sense of belonging, promote self-governance, challenge students to gain new skills and knowledge, and enable students to participate in positive individual and societal change. You can learn more about the Greek organizations on campus by visiting http://greeklife.truman.edu.

Getting Involved On Campus and In Your Community

The Student Recreation Center provides programs and services for enhancing the health and well-being of students, faculty, and staff. The Fitness Wellness Program offers wellness workshops, personal training, and a myriad of non-credit classes from step aerobics to martial arts.
Intramural Recreational Sports sponsors healthy competition in individual and team sport activities. The Student Recreation Center contains many areas for self-directed activity: a three-court hardwood floor gym, jogging track, aerobics/dance studio, auxiliary court gym with multipurpose floor, and a weight room and fitness area filled with state-of-the-art exercise equipment. For additional information, visit http://www.truman.edu/recreation/.

The Center for Student Involvement (CSI) is a central resource for Truman’s 250+ active student organizations. These organizations are grouped in the following categories:

- Academic/Professional
- Campus Media
- Cultural
- Fee Based
- Fine Arts
- Greek
- Health and Wellness
- Honorary
- Political/Student Government
- Recreational/Sports
- Religious
- Residence Life
- Service
- Special Interest
- University Departmental
- Departmental Co-curricular Opportunities
- Faculty Led Honor Societies

Each semester begins with an Activities Fair which is an opportunity for students to learn more about Truman’s student organizations. As part of the overall Student Union program, the CSI provides programs and services in the areas of campus programming, student organizations, leadership development, and recognition programs. The CSI is housed in the Student Union and advises the student activities fee-funded Student Activities Board that provides entertainment for the student body. The Center for Student Involvement also coordinates volunteer opportunities through the SERVE Center. More information about the CSI can be found at http://csi.truman.edu.

Athletics is committed to enhancing the University’s commitment to a liberal arts and sciences education by providing a positive experience for more than 450 student athletes. Truman State University is a member of the National Collegiate Athletic Association (NCAA) Division II and plays in the Great Lakes Valley Conference (GLVC). Athletics sponsors 20 different sports teams. Men’s sports include football, basketball, swimming, soccer, tennis, baseball, cross-country, indoor/outdoor track, and wrestling. Women’s sports include volleyball, basketball, swimming, soccer, tennis, golf, softball, cross-country and indoor/outdoor track. For more information, visit http://www.trumanbulldogs.com/.

The Kirksville Community has much to offer students as well. Check out http://www.truman.edu/about/ to find out more about Kirksville.
Welcome home!

Welcome to the Truman family! Being accepted to Truman State University is a great honor. You have demonstrated a great deal of skill, intelligence, and dedication to be at this point in your life and deserve congratulations for all you have accomplished.

College is often characterized as one of the best times of someone’s life. We know many have found this to be the case but even if it is a fantastic time for you, there may be periods of time that are difficult and challenging. Most of the time you will find a way to deal with these issues by yourself or with the assistance of family and friends but on occasion some extra help may be needed.

One of Truman’s strategic plan goals is to “support an environment and provide resources that promote physical, emotional and social wellness.” We at University Counseling Services (UCS) take this duty very seriously and are focused on helping our students (and their families) through those difficult periods in an effort to help our students achieve their goals and develop into better people.

UCS is a professional counseling center that offers confidential individual, relationship and group counseling to all Truman students. We are staffed by licensed mental health professionals whose specialty is working with college age individuals on mental health issues experienced during this period of time. We are more than able and very willing to help with mental health issues such as anxiety, depression, stress, relationship issues, eating disorders and identity concerns.

UCS exists to help Truman students succeed academically and to develop into healthy adults. If we may be of assistance to you and your development, please do not hesitate to seek out our services. For more information about UCS, please visit our website (http://ucs.truman.edu), like us on Facebook (facebook.com/TrumanCounseling) and/or call us at (660) 785-4014.

Sincerely,
The Staff of University Counseling Services
Personal Property Insurance

CHECK YOUR COVERAGE!
We encourage you to have insurance to cover personal property loss and damages.

Your parents’ home-owners insurance may provide coverage for your personal belongings while living in a residence hall. Please check to confirm that this is the case.

Renters insurance also covers personal property loss and damages for a reasonable rate.

Truman State University will not necessarily pay for damaged personal property.

Truman’s reimbursement of personal property damages due to facility related problems is normally limited to a maximum of $500 (a common insurance deductible amount).

We strongly recommend that you do not keep personal property of high value in your residence hall room.

Facilities Office, Truman State University

Recreational Weapons Prohibited
Possession of any firearms (including paint ball, Airsoft, pellet or BB guns), hunting knives, bows and arrows, etc., or any item deemed usable as a potential weapon, or which creates a reasonable fear of harm is strictly prohibited in any on-campus environment. Any student found in possession of such weapons will be subject to disciplinary action by the University, including potential removal from on-campus housing. Students who wish to bring firearms, weapons, or other equipment for recreational or hunting use to campus may store these items in a safe, located in the Department of Public Safety’s Office, (660-785-4176). Arrangements for storage must be made prior to bringing the item(s) to campus.
What to Bring

For Your Room...
- Shower curtain & sheets & mattress cover (except for Missouri and Ryle Hall Rooms 3301-09, 2301-09, 5301-09)
- Organizer/storage units or boxes
- Cleaning products
- Lockable safe
- Computer work stations are also available for use

For Mishaps, Emergencies
- First aid kit or sewing kit
- Extra batteries
- Small tool kit and general fix-its

For Getting Around
- Light jacket & a warm coat
- Backpack
- Good walking shoes for wet or snowy weather

For Your Wardrobe...
- Detergent & dryer sheets
- Laundry basket

For Study Breaks & Relaxing
- Game stations & video games
- DVD player & movies

To Make Your Room
- Family & friends
- Posters
- Feel more like home

TRUMAN STATE UNIVERSITY
SAFETY

MOVING TO A NEW PLACE, you may have questions about what measures are in place to keep you safe. We want to assure you that we are committed to creating an environment where you feel safe and can focus on your academic pursuits. Below are a few of the ways we keep you safe while living on-campus.

**On-call staff** – There is a Residence Life staff member available 24/7 to assist you in any way you may need. Our staff has been trained to respond to various emergency situations to best support you during a crisis.

**Fire Safety System** – Each residence hall has a centralized fire safety system that continuously monitors the building to ensure there are no fire hazards. In the event of a fire related emergency, the system will activate, notifying residents to evacuate, while contacting the local Emergency Services. Additionally, to help you acclimate to your new environment, a fire drill will be hosted at the beginning of each semester to help you practice what to do in the event of a fire emergency.

**Access Control** – The exterior doors of the residence halls lock each night. Once the doors lock, a Student ID is required to enter the building. This ensures that only residents of the building are accessing the community.

**Emergency Blue Lights** – While Truman’s campus is generally regarded as a safe environment, there are several Emergency Blue Light towers around campus that can be used to report an emergency.
Department of Public Safety
– The Department of Public Safety has an active presence in Truman’s community. A patrol officer is available 24/7 to respond to emergency and non-emergency situations. Student employees are available seven nights per week to serve as walking escorts around the campus community. A variety of safety and educational programs are also available, all geared towards keeping you safe.

Emergency Text Messaging Service – Truman State University offers an emergency messaging system available to all members of the Truman Community. In the event of an emergency at the University, a text message will be sent to all enrolled cell phones. To register your cell phone to receive emergency messages, please visit TruView.
